Bothell, WA Space Cluster Profile: Spacecraft Mobility, CACI/ARKA & North Creek Confluence

Published: November 16, 2026 · Canonical URL: https://bcesg.org/bothell-wa-space-cluster-profile/

Verification & Scope Baseline: BC ESG's frozen census records 2 core and 0 adjacent space-cluster rows in Bothell, WA as of 2026-11-16. Continuity exposure below reflects primary records specific to Bothell only.

ID	Company	Segment	Tier	Verified Facility
WA-SPC-011	Portal Space Systems	Satellite Manufacturing	core	Bothell, WA (22118 20th Ave SE, Ste G-140)
WA-SPC-013	ARKA (formerly Tethers Unlimited)	Satellite Manufacturing	core	Bothell, WA

Who Is Actually in Bothell, WA (Frozen Census Roster)

Bothell hosts two core census operators: `Portal Space Systems` (22118 20th Ave SE, Ste G-140, developing maneuverable trans-orbital spacecraft) and ARKA `(formerly Tethers Unlimited)` (integrated via Amergint into ARKA and acquired by CACI) (`CLM-01`, `CLM-20`).

Continuity, Flood & Freight Corridor Exposure in Bothell

Bothell straddles the King/Snohomish county line at the confluence of North Creek and the Sammamish River (`CLM-11`). When high seasonal flows raise the Sammamish River stage, water backs up into lower North Creek, restricting stormwater conveyance and causing localized ponding near undersized culverts and business-park access roads.

Active municipal mitigation includes the North Creek Floodplain Expansion at 228th St SE and off-channel storage along the Sammamish River (`CLM-11`). Industrial and biotech/aerospace campuses cluster along I-405 and SR-522.

What This Means for Suppliers & Facility Compliance

Suppliers and facility managers operating in Bothell face two parallel compliance tracks: physical continuity planning aligned to local basin and corridor hazards, and emerging building/supply-chain reporting under Washington's Clean Buildings Performance Standard (CBPS) and downstream OEM Scope 3 supplier questionnaires (CLM-28).
