Tukwila, WA Space Cluster Profile: Satellite Manufacturing, In-Space Servicing & Duwamish Exposure

Published: November 16, 2026 · Canonical URL: https://bcesg.org/tukwila-wa-space-cluster-profile/

Verification & Scope Baseline: BC ESG's frozen census records 4 core and 0 adjacent space-cluster rows in Tukwila, WA as of 2026-11-16. Continuity exposure below reflects primary records specific to Tukwila only.

ID	Company	Segment	Tier	Verified Facility
WA-SPC-010	BlackSky	Satellite Manufacturing	core	Tukwila, WA (12501 E Marginal Wy S, Ste 100)
WA-SPC-018	The Boeing Company (Defense, Space & Security)	Satellite Manufacturing	core	Tukwila, WA / Kent, WA
WA-SPC-026	Starfish Space	In-Space Servicing	core	Tukwila, WA (665 Andover Park W)
WA-SPC-052	The Radiation Team	Components & Suppliers	core	Tukwila, WA / Renton, WA

Who Is Actually in Tukwila, WA (Frozen Census Roster)

Tukwila hosts four core census companies: `BlackSky` (Seattle South / LeoStella satellite manufacturing at 12501 E Marginal Wy S), `Starfish Space` (Otter orbital servicing spacecraft at 665 Andover Park W), `The Boeing Company (Defense, Space & Security)`, and `The Radiation Team` (`CLM-01`, `CLM-22`, `CLM-24`).

Continuity, Flood & Freight Corridor Exposure in Tukwila

Tukwila sits where the Lower Green River transitions into the tidally influenced Duwamish River (CLM-09). Low-lying commercial and industrial zones—including Southcenter, West Valley Highway, and Andover Park—face compound flood exposure when high seasonal river discharges coincide with Puget Sound tidal surges and marine backwatering.

Tukwila's logistics posture is anchored by the I-5 / I-405 interchange, BNSF and Union Pacific rail spurs, and direct adjacency to King County International Airport / Boeing Field (BFI) (CLM-09, CLM-14).

What This Means for Suppliers & Facility Compliance

Suppliers and facility managers operating in Tukwila face two parallel compliance tracks: physical continuity planning aligned to local basin and corridor hazards, and emerging building/supply-chain reporting under Washington's Clean Buildings Performance Standard (CBPS) and downstream OEM Scope 3 supplier questionnaires (CLM-28).
