# Prime Supplier Onboarding Portals (Exostar, SupplierNet, Boeing Portal)

Published: November 16, 2026 · Canonical URL: https://bcesg.org/wa-space-ask-prime-supplier-onboarding-portals/

**Verification & Authority Baseline:** Annual Representations & Certifications (Reps & Certs) and onboarding portals operated by aerospace primes (Exostar, Boeing Supplier Portal, L3Harris SupplierNet). Commercial gate required to receive RFQs and POs.

| Document in Packet | Used For | Renewal Cadence |
|---|---|---|
| SAM.gov UEI + CAGE | Federal & prime vendor ID | Annual (free on SAM.gov) |
| AS9100D + Nadcap Certs | Quality gate | Per registrar cycle |
| Reps & Certs (FAR/DFARS/CMRT) | Federal & 3TG compliance | Annual |

## Who Issues This Ask, Authority, and Binding Status

Before issuing a single Purchase Order, primes require WA suppliers to register and maintain active profiles in **Exostar**, **Boeing Supplier Portal**, **L3Harris SupplierNet**, or **SAP Ariba**.

**Binding status:** Portal registration is a **commercial buyer requirement** (not a statute), though the underlying **Reps & Certs** inside the portal carry legal weight under federal False Claims / False Statements rules when certifying for federal subcontracts.

## Evidence Required & Small-Supplier Effort Cost

Keep a single 'Onboarding Packet' ready: **SAM.gov UEI & CAGE code**, **W-9**, **Certificate of Insurance (COI)**, **AS9100D certificate**, **DDTC ITAR registration**, **SPRS NIST 800-171 score**, **CMRT 6.6**, and **Small Business NAICS representation**.

Third-party portal subscription fees (where charged, e.g., Exostar tiers) are **not in our data**.

## WA Space Cluster Segments & Companies Affected

Affects every supplier onboarding across Components & Suppliers and Software & Mission Services.
