Who Owes What by When: 2011–2022 PFAS Lookback

Under TSCA Section 8(a)(7) (40 CFR Part 705), any entity that manufactured or imported PFAS (including fluoropolymers, PTFE/Viton seals, and PFAS-containing articles) for commercial purposes between 2011 and 2022 must file a one-time electronic report in EPA CDX.

EPA revised the submission start date to January 31, 2027 (or 60 days post-effective date of a forthcoming final rule, whichever is earlier), setting a 6-month window (due July 31, 2027) for standard manufacturers and a 12-month window (due January 31, 2028) for small manufacturers reporting exclusively as article importers.

Why WA Space Suppliers Care

Even domestic-only machine shops face customer PFAS questionnaires from primes who imported fluoropolymer-bearing sub-assemblies during 2011–2022.
